We're excited to present a new program for home school students ages 7 and up. *Horse Course* is designed to teach students what it takes to care for, communicate with, maintain, and enjoy a healthy horse in a safe environment. Classes meet once a week for two hours for four consecutive weeks. Half of each session is in the "classroom" and half on horseback. Students will be given assignments and quizzes to help reinforce learning. There are a total of six classes available, starting at *Horse Course 101*, which covers the basics, and building up to *Horse Course 106*, which covers more advanced topics. Students are required to take the classes in order. To register, mail the bottom portion of this form to our BUSINESS OFFICE with your \$25 non-refundable deposit. Please indicate the course number and date you would like to attend. For current session listings, call our office at 763.757.9445 or visit [www.bunkerparkstable.com/education](http://www.bunkerparkstable.com/education). A confirmation will be sent prior to the course. Cost: \$135/student.
